Error	Possible reason	Solution
Error: package or namespace load failed for 'PredPsych': classes "ExpectCovar", "ExpectCovarInfluence" are not exported by 'namespace:coin'	This error is because in update version of the package 'coin', "Classes "ExpectCovar" and "ExpectCovarInfluence" have been moved to the party package. "	remove (uninstall) the packages 'coin' and 'party' and install using: install.packages("PredPsych", dependencies = TRUE)
Error: Must use a vector in `[`, not an object of class matrix.	Loaded data is of tbl class	Use Data <- as.data.frame(Data)
